Cabinetmaking 1 Program

Northeast Technical High School

Your Road to Success.

Estimated Final Project Cost

This year in Cabinetmaking I, the final project your student will be making is a nightstand/side table sized project. The cost of the nightstand will vary depending on the design of the project. Your student may purchase materials through Northeast Technical High School (NTHS) or purchase materials from a local lumber store. If your student wants to buy materials from NTHS, they will need to pay for materials before they start to use them. NTHS only has Oak species on hand to purchase. If a student has not paid or has no materials and is unable to work on their project, it will affect their daily participation grade.

Estimates: = $100	Solid Oak = $40.00	1/2 Sheet 3/4" Oak Plywood = $26.00
	Fasteners, Adhesive, Abrasives = $5.00	1/2 Sheet 1/4" Oak Plywood = $13.00
	Hidden Hinges 1 Set = $5.00	Drawer Slides 1 Set = $3.00
	Stain & Handles *Optional = Purchase on your own	Clear Lacquer for entire project = $9.00

Project will start approximately October 20th

☐ By checking this box, Your student will NOT keep the final project. (No Payment is needed)

☐ By checking this box, Your student will purchase materials from the Northeast Tech. H.S.

☐ By checking this box, your student will make arrangements outside school time to purchase and bring in their materials.

NTHS option:

Date of my 1st payment will be _____/_____/_20_____ and I plan to pay $_____.

Date of my 2nd payment will be _____/_____/_20_____ and I plan to pay $_____.

Date of my 3rd payment will be _____/_____/_20_____ and I plan to pay $_____.

Date of my 4th payment will be _____/_____/_20_____ and I plan to pay $_____.

Date of my 5th payment will be _____/_____/_20_____ and I plan to pay $_____.

Date of my 6th payment will be _____/_____/_20_____ and I plan to pay $_____.

More payments can me arranged if needed
